COMPANY OCCUPATIONAL HEALTH AND SAFETY POLICY STATEMENT

COMMITMENT

SITTI acknowledges that the provision of a safe and healthy work environment for workers and contractors is not just a moral and legal responsibility but also a prerequisite for it to achieve its primary mission of conducting development and installation of equipment at the highest international standards. The purpose of this policy is to establish guidelines for workers and contractors in order to provide and maintain a safe work environment for all employees. Advance planning and quality site preparations are important for a safe, environmentally conscious, well organized construction site. The following document is a policy that applies to all SITTI's workers as well as to all contractors and subcontractors who provides services to **SITTI SpA**.

OBJECTIVES

SITTI will ensure compliance with the Italian laws on safety and health on work, local legislation and current industry standards by:

- providing and maintaining safe workplaces, plant and systems of work
- providing information, instruction, training and supervision to ensure safe systems of work and better risk management
- ensuring that nominated safety personnel are adequately trained and supported
- consulting and cooperating with safety and health representatives, employees and others
- providing and maintaining personal protective equipment as required
- continuously reviewing and improving its safety performance and its policy.

APPLICATION OF THE POLICY

This policy is applicable to the **SITTI SpA** in all its operations and functions including those situations where employees are required to work off site or abroad. Contractors and their employees are required to comply with the designated Contractor Workplace Procedures in addition to all applicable statutory legislation and applicable **SITTI's** Procedures.
